

MOBILE COLD ROOM COOLER – FREEZER TRAILER

Rico - Mobile Cold Room Trailer

Rico Trailers SA has perfected the art of manufacturing mobile cold room trailers, be it for corporate or private use. The mobile cold room trailers are made from 60mm polyurethane panels for ultra-insulation. The mobile cold room trailer comes in a cooling and freezing unit option, which makes it great for transportation of multiple items. Its applications reaches no bounds, it is used as mobile cold room for transportation of game meat by hunter to ice transport by events companies. They are very popular under the events companies who rent them out for events.

Customized to requirements

We offer the facility to customize the mobile cold room trailer to our clienteles needs. Custom sizes and interior fitments are very popular amongst our hunting and events mobile cold room trailers.
