

# BUS & COACH LUGGAGE TRAILER

**BUS TRAILER FOR USE FOR LUGGAGE TRANSPORT** Rico Trailers South Africa has designed and manufactured a Bus trailer that is made for the luxury busses to use for local and cross border use. The trailer has been designed to carry the weight of the luggage so that the bus does not take the strain of the weight by carrying it and only pulls the weight such as a horse and carriage does. This allows for maximum efficiency for both the bus and trailer.
